—There were services at several of the city churches yesterday in which New Year's observances had a part. Sermons appropriate to the day were preached and at Trinity church the walls were decorated with garlands of evergreen.

—The extreme cold weather of to-day did not prevent a large number of country people from visiting the city.

The sleighing is excellent, and the people both in city and country, are enjoying it. The city streets are made lively thereby.

—It is said that Mr. Peter Myers will build a large brick business block on his vacant lots on the southwest corner of North Main and North Fourth streets, and two dwelling houses, one on East street and one on East Milwaukee street, in the early spring.

—The common council will probably discuss water works this evening and every citizen interested is especially invited to be present. There has been considerable criticism of the water commission's action and to-night's meeting will probably be an interesting one.

—K. W. King, the stationer and news dealer, is not through with his holiday trade yet. For two weeks before Christmas his counters were lined with customers most of the time, but his stock was so attractive that they keep coming yet and the goods are going in a way that makes the talk of hard times seem like fiction.

—Clerk of the Court McGowan took his seat to-day. One of his first official acts was the appointment of Hamilton Richardson Jr. as deputy clerk. They were cordially received and had a very pleasant time.

—Work on the "Transville" out off has stopped because of the cold weather. It had been intended to put in the arch, three miles north of town this winter but old Boreas objected and managed to carry his point. "The road is still far from finished," said a prominent railroad man, the other day. "There will be men at work on it all next summer getting it in such shape that the rest of the passenger traffic can come around this way."

—The polo contest on Saturday afternoon between the Evansville and Janes-

ville teams resulted in a victory for the home team—score 2 to 1. In the evening the home team again won by a score of 3 to 1. There was a good sized audience present, and the Catholic Church band rendered some very fine music. At times the polo playing was very fine and created considerable excitement.

—The regular monthly meeting of the W. C. T. U. will be held at the parlors of the Congregational church to-morrow (Tuesday) afternoon at 3 o'clock. All members are urged to attend and bring their dues. Bring also, if possible, new names for membership. The fee is only \$1 at the rate of one cent per week, a small amount for one person but "money a nickel makes a tuck" and there is work planned that needs money.

By THE SECRETARY.

Jan. 3, 1887.

—On Saturday afternoon an old soldier, an inmate of the Milwaukee Soldiers' Home, who was on furlough in this city, visiting friends, put up his watch at "Relle" in Charley Horn's saloon, in order to obtain money to return. The clocks were specially taken, and when the raffle commenced, Charley remarked that he would give the owner a dollar for his chance. Charley Sloan won the watch, but showed the whole "pile," watch included, into the old veteran's hands, who snatched it with a "thank you, sir," and departed for the Cream City. Both Charleys feel happy at being able to fill the old veteran's watch with good cheer at so small an outlay.

—The water works company at Green Bay has obtained a good flowing artesian well, the natural pressure from the well being of great force. The Green Bay Gazette of Friday says:—"A number of hydrants were opened last night and this morning and the natural force of the well turned on. The well develops a strong pressure. Upon opening one hydrant near the works the natural head threw a stream across the street. The hydrant opening is 2½ inch, it is estimated that the stream thrown was equal to six one inch streams and which would go over any building on Washington street excepting Cooke's hotel." Should Janesville be lucky enough to strike such a well, we would have a "boomtown," and no mistake.

—"The bad year for farmers has broken my business all to pieces," said an agent for one of the eastern seed firms. "Barns in Janesville are full of seed, but the farmers are buying less and less. It is a third of what they did last winter. It is that way all over the state. The only place where the seed is in northern Iowa. In Dakota, where they used to think that the farmers' granaries was times as full as they are anywhere else in the northwest. One farmer was spurring it up the other day, and he found that by running his farm he could make two dollars in just about two hundred years. Last year he had made seven cents besides what the bare necessities had cost." Rock county will not be the worst place on earth after all.

—There was considerably more of a change at the jail this morning than at the court house as each of the old officers stepped out and a new one took his place. After two years in which he had served the county faithfully and neglected no duty nor shirked any responsibility, Sheriff Hamlin handed over his keys to Bill Ward. The jail for two years past has been well taken care of, every department receiving its full share of attention. Deputy Sheriff Asheson to whom many of the details were intrusted is another who will be greatly missed both at the jail and in the courts. Capable, fearless, painstaking, full of courtesy and familiar with the whereabouts of every hard character around the county seat, he has made a record to be proud of. Both he and the excellent will be in the city during the winter and the latter intends to make this his permanent home, having bought himself a residence on Milton avenue. To use his own words he has "gone to a home above."

—When VERY YOUNG CHILDREN are deprived of their natural nourishment, it is in directly to insure a proper substitute; therefore, because the alarming mortality among infants, Mellin's Food, which is recommended by the highest medical authorities, has been prepared to meet this want.

THE WEATHER.

At seven o'clock yesterday morning the thermometer indicated 33 degrees below zero. Partly cloudy with north wind. At one o'clock p. m. the register was 3 degrees above zero. Clear with north wind. For the corresponding hour last year the register was 37 and 32 degrees above zero. At seven o'clock this morning the thermometer indicated 24 degrees below zero. Clear with south wind. At one o'clock p. m. the register was 4 degrees above zero. Clear with south wind. For the corresponding hours one year ago, the register was 41 and 42 degrees above zero.

Gentlemen:—I have a little girl who has been very sick with a cough and a bowel difficulty. Employed at different times two of our best physicians and they could not cure her. I have since been advised by a neighbor to try Dr. Scott's Cough Syrup. I did so, but with very little faith, if any, but the result was marvelous. My little girl is to-day alive and perfectly well. Please convey my thanks for the wonderful medicine which you have placed before the public. I wish everybody knew its value. Wm. E. Anderson, Bolivar, W. Va.

THE BUSINESS MEN'S ASSOCIATION.

The regular monthly meeting of the Janesville Business Men's Association will be held at the association rooms this evening.

A Yuletide Xmas Present.

No one in Chicago will have a more thorough and agreeable Xmas surprise than Charles O. Ekblom, a young Swede at Anderson's, near at 213 Townsend St. He has been notified that his first gift ticket in the Louisiana State Lottery that drew the first Capital Prize of \$15,000, in the November drawing was successful, and in due time the \$15,000 was placed in his hands.

Two rick came to the right door, as with this money Mr. Ekblom will complete his art studies. He is full of praise of the handsome way he has been treated by the people of this city. He is now on his way to the city of New York, and of his luck coming just before Christmas makes it doubly grateful. Chicago, Ill., Staats Zeitung, Dec. 22, 1886.

Unqualified Praise.

G. K. Keller, druggist, Earningsburg, Pa. says: "I have used your 'Royal Baking Powder' for some time, and I can say that it is the best I have ever used. It is of pure quality and it has obtained prompt relief. Sold by druggists and Prentice & Evenson, opposite post office."

The Water Works Again.

The fact that an adjourned meeting of the common council is to be held this evening for the purpose of considering the question of water works, has opened up the whole question again for discussion. Some of our citizens are discussing again the propriety of selling out to a private company; while others, who have been opposed to water works in Janesville, are working hard hoping to create a feeling against the water commissioners strong enough to force them to resign, and in this manner "kill" the proposition to build the works. One correspondent sends the Gazette three or four pages of manuscript belittling the action of the commissioners and the common council and accusing them of wastage a year's time "to decide what to do and how to do it." He neglects to state, or perhaps he is ignorant of the fact, that the commission has only been in existence a little over eight months, that the council has been considering plans presented for their approval for two months or more, that a year ago now was \$25 per ton, when the commissioners were organized it was \$30 per ton, and none to be had for immediate delivery at that figure. We do not propose to uphold the water commissioners in any unnecessary delay in getting to work, nor have we any pet on the commission, yet we dislike to bear so much unjust and uncalculated criticism. The enemies of the water works are taking advantage of this opportunity, and are ready to form a ring to beat the "whole gang" as they term it.

The proposition to put in the works by a private company, which is now before the council, only serves as an illustration of the value of such works. Eighteen months ago the rental price of hydrants was double the amount now charged. People at all acquainted with such investments must think that we are at least to sell a franchise we can secure hydrant rental free. There are many good men in Janesville who desire water works, and who think it good policy to grant a franchise to a private company, and of course, they are entitled to be heard. But is it not too late, now to take such a step?

For the relief and cure of the inflammation and congestion called "a cold in hand" there is more potency in Ely's Cream Balm than in anything else it is possible to prescribe. This preparation has for years past been making a brilliant record as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cures are on record of radical cures of chronic catarrh and hay fever after all other modes of treatment have proved of no avail.

PERSONAL.

—Dr. Oscar Barnes, of Chicago, spent New Year's with his parents in this city. He returned to the city to-day.

—Mr. and Mrs. Fred Crouse, of Racine, spent New Year's and Sunday in this city visiting relatives and friends.

—Joe W. Wise will go to Chicago to-morrow to enter the employ of H. C. & C. Durand wholesale grocers as traveling salesman.

—Rev. B. F. Humphrey who has visited this city several times as agent of the National Library Association, is now a general agent and has Rock County as a part of his territory.

One of our most estimable citizens may be thankful for the introduction of Dr. Bull's Cough Syrup, for its timely use has saved his life. For impatient assumption it is a certain remedy. Price 25c.

My Favorite Receipt.

Some time ago the Royal Baking Powder Co. conceived the idea of collecting from its patrons, for redistribution among them when printed in book form, their best and most reliable methods for the preparation of articles of all descriptions. In response there were furnished a very large number of practical receipts, from which were selected the 2000 contained in the book entitled "My Favorite Receipts." The publication was intended originally for the traveling trade only, but the collection proved to be of such remarkable value that its publishers, believing its circulation would be productive of good to a far greater extent, have decided to issue a preparation of real home cookery in a way to make it most wholesome and appealing, have issued an edition for general circulation, which is sold at cost of production and postage. "My Favorite Receipts" contains a full and complete preparation of almost every known dish, in every conceivable way. These have been classified into departments representing soups and broths, fish and shell fish, vegetables, meats, stews, poultry and game, eggs, salads, dressings, puddings, breads, cakes, confections, preserves, meats, canned vegetables, etc., to which a copious index is added. Every branch of the culinary art has received ample attention. The publication is one of unusual value, from the fact that the receipts are thoroughly tested formulas of genuine home cookery. In it each contributor vouches for the utility of her receipt, not only, but attests that years of experience have proved it the best of making the article named, and signs her name and address to it as an evidence of its genuineness and her faith in its superiority.

The practical character of the receipts will especially commend them to American housekeepers. While cookery of the very best and richest, as well as that more plain and economical, is provided for, "My Favorite Receipts" is not, like many of the cook books of the day, a collection of recipes, but a practical and complete guide, following which frequently results in a failure and a waste of good materials. The contributions are from every part of the country and give the best experience of the best cooks for proper the dishes peculiar to each locality.

"My Favorite Receipts" handsomely printed and bound, is sent by the Royal Baking Powder Co., New York, at the nominal price of 50 cents, to any address, express charges paid.

A Greeting to the New Year.

Up through the golden gates of the morning, Comes the New Year with glad, merry air.

Teasel old earth with radiant adornings, Give him good cheer and warm welcome again.

Up through the mist, troop the fair waiting hours,

Coming to meet us with morning and day, Mingling sharp thorns with odorous flowers, And strewn them deeply over life's way.

Pause not for fear, or purposeless dreaming, Cover your misdeeds away out of sight, Welcome the future with victorious teaming, Come forth from the shadows into the light.

What is the use of careless regretting, The new year comes with a glad air, Leave the dead past your trials forgetting, Turn with a step with the burden of care.

What if your hopes reach not to far fruition, The new year comes with a glad air, Leave the dead past your trials forgetting, Turn with a step with the burden of care.
